

PENCIL DRAWING 101 - VALUE AND TEXTURE

Name _____

One of the most important skills for pencil drawing is using many different values. Complete the value scale from light to dark...work on controlling the pencil so I don't see the lines.

--	--	--	--	--	--	--

In some drawings you might not want your pencil work to be smooth. Fill the next 2 value scales using hatching and cross hatching...don't forget to change the values from light to dark.

--	--	--	--	--	--	--

--	--	--	--	--	--	--

Another important skill for pencil drawing is creating different textures with your pencil. You do this by changing values and drawing DETAILS. Complete the drawings of the example textures.
